## ABOUT US

Apricus is a new gem centrally located in Corinth, Texas, in the Dallas Fort-Worth metro area. Its Tuscan charm with water views complements its flexible, neutral space, making it the premier venue for all meetings, events, and weddings alike.

The Latin word "apricus" means "warmed by the sun," reflecting the state of mind we want our clients to reach at our event venue - evoking the sense of contentment we feel we attain harmony with nature and people around us.

*Apricus is not a traditional rustic hidden barn, or an 'improvised' industrial space, or a giant and whimsical mansion built for fairy tale weddings.*

*We look for down-to-the-earth people who want to tailor a high-quality experience with a more practical vision, yet desire a unique and modern spin."*

*- Pablo, Chief Inspiration Officer*
